**Let's Assemble Paper Cars
with your Color Printer!!**

IMAGICA proudly presents the CD-ROM version of the 'ENTHUSIASTIC' paper craft book, "KAMI-NO-KURUMA -It's only a paper car-".

The original book (published by Nigensha Publishing) was drawn by one of the greatest illustrators of today, Mizorogi Akira, and supported by many enthusiastic automobile fans.

Every data is ready to print with A4 size. All you have to do to is... 1) Print out one of the data you like, 2) Cut along thick line with scissors or Exact knife, 3) Paste each flap... and Now, you'll get shining, pretty, beautiful, lovely, cute Paper Car ... or else. You need only one sheet of paper to enter the world of the Paper Arts.

With "Digital Paper Car", you will be satisfied with the interesting faces of the car with assembling all by yourself... this maybe a new kind of the art, CAR ART.
